## FOREIGN BROADCAST INFORMATION SERVICES

oreign countries. They include texts of leader speeches, official state- ents, and authoritative media commentary as well as extracts of Soviet and Chinese statements on some 600 key themes relating to foreign and		
FBIS Analysis Group maintains extensive files, unique in the community, of authoritative statements monitored from the media of creign countries. They include texts of leader speeches, official statements, and authoritative media commentary as well as extracts of Soviet and Chinese statements on some 600 key themes relating to foreign and comestic policies and military doctrine. The files are used to support BIS media analysis and to respond to requests from offices throughout the overnment. In a recent service to the Senate Foreign Relations Committee, or example, FBIS collated within a half hour the texts of all joint commiques issued by the People's Republic of China with West European councies as an aid to identifying West European positions on the status of aiwan. FBIS' modernization planning looks toward automating the storage, earch, and retrieval of this information, utilizing the machine-readable
